INTERVIEW SUMMARY - APPLICANT INITIATED

Applicant's attorney Howard Miskin, initiated a telephone conference with the Examiner handling this application, Mr. Dunwoody, on May 25, 2007. The Office Action of February 26, 2007 was discussed, specifically, the rejection of claim 38 and others on Reference Patent No. 2,846,169 to Sullivan.

I hereby certify that on July 5, 2007 this document was deposited with the United States Postal Service as first class mail with sufficient postage, in an envelope addressed to: Mail Stop-Non-Fee Amendment, Director for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.

Applicant's attorney pointed out that the '169 patent did not show or teach the "Coupling Member" receiving the "conduit" along its longitudinal axis and several language changes to Claim 38 were proposed to detail the differences, but the Examiner was not convinced these changes would overcome the art rejection. However, he would consider the argument when presented.

No agreement was reached.

Dated: July 5, 2007

Respectfully submitted,
